

Swan Hill Store Sheep Sale, Thursday 17th July 2008

Swan Hill agents yarded 7000 store sheep on Thursday. A large crowd was in attendance and saw buyers from all parts of the state.

Majority of the yarding was made up of Merino Ewes with X bred lambs at foot, and saw strong demand for this article, due to very strong prime lamb prices and recent rains throughout the state.

Very few young Merino Sheep were offered, though young sheep that were penned meet keen competition from re stockers and processors.

A small selection of quality '08 drop store lambs were offered and sold to very strong rates exceeding agents expectations.

Buyers attended from : Sea Lake, St Arnaud, Bendigo, Horsham, Ouyen, Warracknabeal, Stawell, Warrnambool and Local competition.
